Dear Ms. Ness:

The Division of Waste Management, Superfund Section, Pre-Regulatory Landfill Unit has reviewed the **March 20, 2016** Work Plan & Cost Estimate for the activities associated with Task Order **312WS-2**. The work plan and cost estimate in the amount of **\$25,122.50** are approved. This letter serves as notification of the approvals and as authorization to proceed with activities associated with the **312WS-2** work plan.

While the total expense on the invoice cannot exceed the amount approved, individual task components within this task approval may vary. Any increase in cost to this scope of work must be approved prior to implementation. A task order addendum must be requested to cover an additional scope of work or unforeseen site circumstances. Notify me immediately and request additional funds to cover eligible and reasonable costs. Cost of additional work conducted without approval will be ineligible for payment.

Please notify me of the date that field activities are scheduled soon so that the property owners can be notified adequately. If you have any question, please contact me at (919) 707-8347, or zi-qiang.chen@ncdenr.gov. Thanks!

Sincerely Yours,

Ziqiang Chen, PhD, Environmental Engineer II
NCDEQ Division of Waste Management
